

‘Dare To Innovate’

Sherwood Middle School

MASSCUE Student Showcase

2015
Carol Virzi

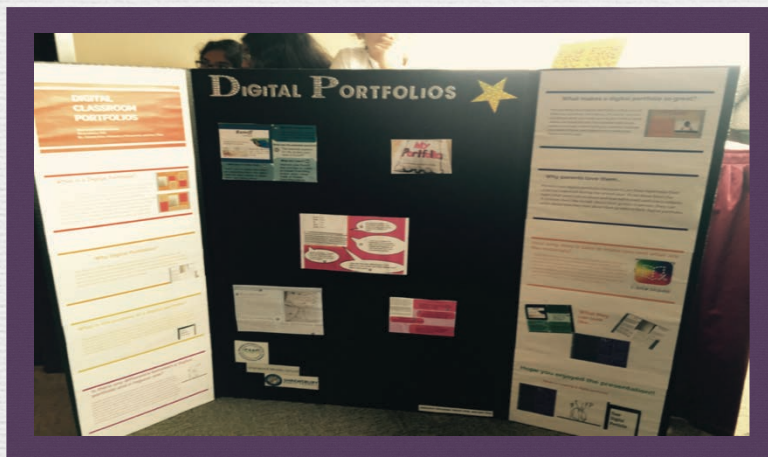

MASSCUE

Massachusetts Computer Using Educators (MassCUE) is the state's leading organization for educators with a passion for technology in education.

In June, 2015, SMS students applied to participate in the annual MASSCUE fall conference.

CUEKids (student showcase) allows students to show off their work in a 'professional trade show' format. Educators from all over New England enjoy seeing student projects in action!

Fitness Trackers funded by 2014 SEF Grant to SMS

Xdoria KidFit Devices track daily steps, quality and quantity of sleep, plus individual activity goals

KidFit App tracks progress

Discussion Boards and Wellness research using Schoology learning management system for 6 months

Digital eBook final projects shared with family and classmates

Fitness Tracking Benefits

The benefits of tracking are that it keeps you going. If there was no tracking I would have no goals to strive too. If I have no goals you will think that you have nothing to do. That would make you get unheathy. Those are reasons why you can benefit from tracking.

Fitness tracking benefits

I would say that there are more than 1 benefit in fitness tracking. Personally, I think that it is good for getting more active, getting used to being more active when you are not fitness tracking, and seeing how much you need to improve.

This is me at the Micheal Maccafreay Road race in March.
